What Our Customers say about us!

Paragon allowed me and my friend to stay together in a fully equipped flat near our placement where we improved our ability to work in the field and our confidence to live independently abroad. Paragon responded quickly and helped us with any issues we found abroad allowing us to feel safe and supported living in Malta - Mary

The experience will definitely help me in the future! It has been an unforgettable experience that I will remember for the rest of my life. It is now easier for me to interact with people who speak English and it will be very useful for future holidays or travels. I've loved staying in a foreign country and have gained invaluable experience from it. The internship was the best experience I've had so far. – Jonas Quaschn
